ABOUT US

Vigilance Services India Pvt. Ltd. is a trusted service partner specialising in railway wagon operations, cargo protection, and industrial material-handling solutions. With decades of operational experience and strong on-ground capability, we ensure safe, secure and disciplined cargo handling across India — 24×7, 365 days.

OUR MISSION

To protect every tonne of cargo entrusted to us with safety, discipline and accountability. To deliver reliable, consistent and high-quality service across all locations.

VIGILANCE IN NUMBERS

- 30+ Years of Combined Experience in Wagon Operations & Cargo Protection
- 250+ Railway Sidings, Ports & Industrial Plants Served Across India
- 3,500+ Skilled & Trained Manpower Across Multiple States
- 4,500+ Rakes, 2,65,500+ Wagons & 18+ Million Tonnes Handled Every Month
- Trusted by 300+ Leading Companies Across India

CORE STRENGTHS

- Strong railway wagon domain expertise
- Dedicated, trained & supervised field workforce
- 24×7 operations with real-time coordination
- Fast manpower mobilisation across India
- Proven capability in high-volume rake handling
- System-driven attendance, reporting & documentation

INDUSTRIES WE SERVE

- Cement
- Steel & Metal Industries
- Mining & Minerals
- Power & Energy Sector
- Fertilizer & Chemical Sector
- Ports, Terminals & Logistics Hubs
- Industrial Manufacturing & Infrastructure

TARPAULIN COVERING

SAFE COVERING FOR EVERY CARGO MOVEMENT

Tarpaulin & Rope Supply

High-quality tarpaulins and strong nylon ropes supplied for all loaded railway wagons, offering protection from rain, dust, moisture, sunlight and other weather conditions.

Supervised Site Operations

Site supervisors monitor the covering work, rope tying and safety steps to maintain consistent service quality at every rake.

Wagon Covering Execution

Tarpaulins are placed properly over each loaded wagon and tied securely with nylon ropes to ensure stable and all-weather-safe movement.

Trusted Across India

Providing reliable wagon covering services at major ports, plants and railway sidings across the country.

Skilled Manpower Deployment

Dedicated and trained manpower is deployed for wagon tarpaulin covering, ensuring safe, proper and systematic execution.

SEALING & WATERPROOFING OF WAGON DOORS

ENSURING CARGO PROTECTION WITH PRECISION

HD Sheet Door Bonding

Plastic HD sheet firmly pasted on wagon door body using special metal adhesive for an ultra-strong, long-lasting bond.

100% Moisture Protection

Prevents water, air & dust leakage to safeguard cargo quality.

Precision Door Sealing

Uniform sealing for enhanced safety during long-distance transit.

Skilled & Trained Workforce

Standardized method, consistent output across all sites.

Wagon-Wise Quality Check

Dedicated inspection to ensure zero compromise in service.

Contact Us :  info@vigilancegroup.co.in

vigilancegroup.co.in

**VIGILANCE SERVICES
INDIA PVT. LTD.**

The Safety Superintendent You Can Trust

We ensure complete door sealing to protect cargo from water, air, dust, and moisture.

HD sheet is bonded with precision using high-strength metal adhesive for maximum durability.

Every wagon door is sealed with accuracy for safe and damage-free transit.

Your Cargo • Fully Secured • Perfectly Sealed

RAW MATERIAL COVERING

**ALL-WEATHER SHIELD FOR YOUR VALUABLE RAW
MATERIAL**

Waterproof & Weatherproof Protection

Shields material from rain, moisture and water seepage.

UV-Resistant Safety

Prevents sun exposure damage and preserves material quality.

Dust & Contamination Control

Stops dust, fly-ash and external impurities from affecting the stock.

Secure & Tight Covering

Proper sheet placement with strong rope locking for zero gaps.

Quality Preservation

Reduces material loss, degradation and wastage during open storage.

JUMBO TARPULIN COVERING

**DUAL-LAYER, WEATHER-PROOF
PROTECTION FOR SENSITIVE
CARGO**

Suitable for Open Wagons

Ideal for rice, cement, fertiliser & all sensitive cargo.

Two-Stage Protection

PP tarpaulin inside + HDPE tarpaulin outside.

100% Waterproof & Weather-Proof

Prevents moisture, rain, sunlight & dust exposure.

Secure & Tight Locking

Accurate sheet placement with firm rope fastening.

Reduces Damage & Loss

Protects cargo quality, prevents spoilage and wastage.

vigilancegroup.co.in

**VIGILANCE SERVICES
INDIA PVT. LTD.**

The Safety Superintendent You Can Trust

Our Jumbo Tarpaulin Covering is a specialised two-stage protection system designed for sensitive, high-value cargo transported in open wagons.

First, the wagon is fully lined inside with PP tarpaulin, then loading is done, followed by a second HDPE tarpaulin layer tightly covered outside the wagon.

This dual-layer method ensures complete weather-proof and waterproof safety from rain, moisture, sunlight, dust, and external impurities, guaranteeing zero leakage and maximum cargo protection throughout transit.

**Dual-layer shielding for cargo that demands
complete all-weather protection**

RAKE ESCORTING

**ENSURING SAFE, SECURE &
MONITORED CARGO
MOVEMENT**

Complete Cargo Security

Continuous monitoring to prevent pilferage, tampering, or any unauthorized access.

Dedicated In-Transit Escorting

Professional escort travels with the rake from loading point to destination, ensuring safe movement.

Real-Time Location Updates

Current rake location is shared in a dedicated WhatsApp group with the client, updated every 3 hours round the clock for continuous transit visibility.

Detailed Transit Reporting

Comprehensive reporting including timings, halts, movements, observations, en-route incidents & delivery confirmation.

24x7 Operations Support

Round-the-clock control room support ensuring safe, timely and smooth rake delivery.

WAGON REPAIRING WITH G.C. SHEET

**RESTORING DAMAGED WAGONS
INTO SAFE, LOAD-READY CONDITION**

G.C. Sheet Door Covering

Missing or damaged doors are covered using G.C. sheet and secured firmly in place.

Convert Non-Loadable to Load-Ready

Wagons that are not fit for loading are repaired and restored.

Floor & Side Wall Repair

Fixing damaged floors, bent side walls and weak body sections.

Door & Panel Damage Correction

Repairing dents, cracks, missing doors and structural gaps.

Pre-Dispatch Quality Check

Every wagon is inspected to ensure it is stable, safe and ready for loading.

WAGON DOOR PACKING

STRONG PACKING FOR A SAFE & LEAK-FREE JOURNEY

Gap Filling with Gunny Bags

All gaps, openings and loose spaces in the wagon doors are filled with tightly packed gunny bags to stop material from leaking out during movement.

Door Binding with GI Wire

Loose or weak wagon doors are securely tied using high-strength GI wire, ensuring door stability throughout the journey.

Wooden Peg Locking

Doors are firmly locked using wooden pegs, preventing accidental opening or movement during transit.

Leakage-Free Protection

The complete packing ensures zero material leakage and protects the cargo from loss and wastage.

Safe Transit Assurance

A fully sealed door means smoother transportation, minimum pilferage risk and improved cargo safety.

CARGO OVERLOAD ADJUSTMENT

PRECISION BALANCING FOR SAFE & COMPLIANT RAILWAY MOVEMENT

-  **Accurate Wagon-Wise Adjustment**
Precise correction of overload and imbalance for each wagon based on weighbridge readings.
-  **Compliance With Railway Weight Norms**
Corrective actions performed to prevent penalties, rejections, or detention delays.
-  **Skilled Adjustment Team**
Dedicated manpower trained for fast, safe and efficient load balancing.
-  **Smooth & Safe Rake Movement**
Balanced cargo distribution ensures steady running of wagons during long-distance transit.
-  **Timely & Coordinated Execution**
Quick action at the weighbridge to avoid stoppages and maintain rake turnaround time.
